OR

- iii. A vocational course offered by the HEI in a specific trade duly recognized by the Academic Council of the University concerned.

The student is required to pay additional fees for the purpose as specified by the course provider.

2. Multiple Entry and Multiple Exit (MEME):

Multiple Entry and Multiple Exit (MEME) is a framework under NEP 2020, operationalised by the UGC through the Curriculum and Credit Framework for Undergraduate Programmes, that lets students enter and leave a degree programme at defined stages rather than committing to a single, unbroken course of study. At each exit point a student receives a stackable, nationally recognised credential proportionate to the credits earned — a UG Certificate after one year, a UG Diploma after two, a Bachelor's degree after three, or an Honours degree after four — and may re-enter later to build on those credits toward a higher qualification. Earned credits are stored in the Academic Bank of Credit, making them portable across institutions, disciplines, and learning modes, so that education becomes a flexible, resumable pathway rather than a fixed, all-or-nothing commitment.

2.1 Process of Multiple Entry and Multiple Exit (MEME):

- 2.1.1 A student who, after completion of the first academic year, has earned 40 credits of courses, 04 credits of a Vocational Course/Community Service and an additional 06 credits of summer internship (50 credits in all) may exit with a UG Certificate issued by the HEI/University concerned. Such a student may re-enter the UG programme in the 3rd semester within two years from the award of the certificate.
- 2.1.2 A student who, after completion of the second academic year (4th Semester), has earned 80 credits of courses, 04 credits of a Vocational Course/Community Service and an additional 06 credits of summer internship (90 credits in all) may exit with a UG Diploma issued by the HEI/University concerned. Such a student may re-enter the UG programme in the 5th semester within two years from the award of the diploma.
